

Civil Operator

Location:

Blenheim, Marlborough

Job type:

Full time

Duration:

Permanent

Benefits:

- Competitive wage
- Phone Allowance
- PPE provided
- Training and Development opportunities
- Work for a company where strong values are at the core of their business

If you've spent years mastering civil machinery, reading the ground, solving problems on the fly, and delivering high-quality work, CMT Group wants your expertise. We know the value seasoned operators bring — efficiency, accuracy, leadership, and the ability to make smart calls that keep projects moving. At CMT, your experience is respected, your input is valued, and your skills will help shape the future of our growing team.

Reporting to the Operations Manager, as a Civil Operator, you will safely undertake plant operation and maintenance duties, and work with a multi skilled team to complete the Company project plans. The ideal candidate will have a track record using a 2.5, 3.5 or 14 tonne digger and extensive experience with prepping for asphalt, chip seal and concrete.

Key responsibilities will include:

- Excavate and backfill to job specifications as applicable.
- Transport equipment and materials to and from work sites.
- Make technical and operational decisions relating to own safety and work, safety of other employees and public.
- Carry out prestart checks on company plant as required.

To be successful, you'll need:

- Experience in civil machine operation
- A minimum of class 2 with W.T.R
- Effective time management skills
- Good oral and written communication skills
- Ability to self-manage and problem solve
- Commitment to Health & Safety
