

Yard Manager

Location:

Blenheim, Marlborough

Job type:

Full time

Duration:

Permanent

Benefits:

- Competitive wage
- Phone Allowance
- PPE provided
- On going training and development

This role is focused on the day-to-day coordination of our yard, including tools, plant, equipment, deliveries and general yard organisation. You'll help ensure gear is in the right place, in good condition, and ready for our site teams when they need it. There may also be times where you provide traffic management support to site teams where required and where appropriately qualified, but the core focus of this role is yard management and operational support.

What you'll be doing

- Managing the day-to-day operation and organisation of the yard
- Coordinating incoming and outgoing equipment, tools and small plant
- Monitoring plant and tool condition and supporting general maintenance
- Arranging deliveries and collections
- Keeping equipment stored, tracked and ready for use
- Supporting workshop and small plant readiness
- Pitching in with general operational support when needed
- Tag and testing of electrical equipment on a six monthly cycle
- Providing traffic management support on occasion, where qualified

What we're looking for

- Experience in yard management, plant coordination, logistics, or a similar hands-on role
- Good practical skills and the ability to keep things organised and running efficiently
- A proactive attitude and willingness to get stuck in
- Strong time management and planning skills
- Good communication and teamwork
- Basic computer skills
- A strong commitment to health and safety
- STMS experience will be a bonus
- Full class 1 and class 2 driver licence
- Forklift licence
- W.T.R
